

Young Professionals Committee

Kids Cancer Alliance's Young Professionals Committee is a dedicated group of individuals in their 20's and 30's who are committed to raising awareness and funding to support the mission of enhancing the quality of life for children with cancer and their families through recreational and support programs.

Membership in the Young Professionals Committee offers the opportunity to connect with our organization in a variety of meaningful ways while developing leadership skills and expanding your professional network.

To reach our goals, each committee member will do the following:

- Work alongside the Board of Directors and staff to fulfill the mission and vision of Kids Cancer Alliance.
- Raise the overall awareness of Kids Cancer Alliance by sharing with your personal and business networks.
- Attend at least 75% of all committee meetings.
- Execute on assigned tasks between meetings to accomplish goals.
- Serve a minimum of one 12-month term, with the option to renew.

Applications are reviewed twice yearly in August and December. After review, a member of the committee will reach out to answer any questions. Positions will begin in September and January.

Who We Are

The mission of Kids Cancer Alliance is to enhance the quality of life for children with cancer and their families through recreational and support programs.

Kids Cancer Alliance was started in 1981. The founding vision was to provide a “normal” camping experience for children with cancer. This was a very novel idea at the time, since there were only two other oncology camps across the country.

Kids Cancer Alliance proudly offers summer camps, teen and family retreats, quarterly events and in-hospital programs, as well as financial support - all completely free to children with cancer and their families.

How Can You Get Involved?
